## RESULT OF DNA ANALYSIS

DNA profiles are enclosed in Annexure-1 & 2

## CONCLUSION

The DNA profiles obtained from **KhukiKhatun** (ID6-13-BI-559) and **Md. Babul Hosen** (ID6-13-BI-542) matches with the DNA profile obtained from the teeth sample of **Unknown Victim** (ID6-13-IT-SMC-124). The DNA profile match indicated that the unknown victim is the **biological offspring** of **KhukiKhatun** and **Full-Sibling** of **Md. Babul Hossain**. The likelihood of the stated relationship is 361,200 & 17,680 respectively.
